Hello, Linda:

I apologize for the time it has taken to complete a partial approval for the Pechiney Application and thank you for your follow-up message.

Several matters have arisen since we last spoke including emergencies at other sites and travel that I had to do. I have a draft approval which I am currently revising before it is submitted for internal review. My schedule for this project is to get the approval out of the door by June 30.

Thank you for your courtesies and patience.

Regards,
Carmen

Subject: PCBs: Pechiney - Update on USEPA's Conditional Approval

Hello, Linda:

I received your voice message concerning Pechiney. I believe there is a misunderstanding regarding the sharing of draft approval documents. Before signature and after thorough legal

review I may call the cleanup party concerning the approval if necessary. Otherwise, the approval is signed and transmitted via e-mail.

On another subject still related to Pechiney, the president of the Pechiney Cast Plate is one of the signatories in the draft DTSC Order. Please confirm if this signatory is also the owner of the property at 3200 Fruitland Avenue in Vernon.

Thank you for your courtesies.

Regards,

Carmen

Hello, Linda:

If there is an actual Pechiney contact we would prefer to address our approval to that person. I understand that Pechiney is the actual owner of the property, or is Alcan also an owner?

Thank you for your courtesies and looking forward to your reply.

Regards,
Carmen

Carmen. Thanks for the update. Can the letter be addressed to a representative of the parent company (Alcan) rather than Pechiney?
